Receive student-specific and degree-appropriate jobs from the GradLeaders Recruiting network of employers.

WHY?

- + More job and internship opportunities for your students
- + Targeted jobs flow directly into your school branded job board (after you approve them)
- + Provides recruiters with the convenience of posting a job once and distributing it to any group of school partner sites
- + Retain control over which jobs and employers are available to students

HOW? It's as easy as 1-2-3!

- 1 Contact your Customer Relationship Manager to make sure the MultiPost™ Job Distribution Network feature is turned on for your system.
- 2 Review and approve MultiPost™ jobs as they come into your pending queue.
- 3 Give your students access to more diverse opportunities intended specifically for them.

"GradLeaders, through their MultiPost™ job board, has increased career opportunities for my students by 30%. This is the real value of our partnership."
